**RE: Telecom Notice of Consultation CRTC 2020-366, Proposed RFI Questions with the Call for comments regarding potential regulatory measures to make access to poles owned by Canadian carriers more efficient submitted request for information.**

Dear Mr. Doucet,

1. Thank you for the opportunity to pose questions to other intervenors. CEA does not have questions to pose to those other groups at this time. We feel this consultation, as well as TNC 2019-57 and TNC 2019-406, have been fulsome and we eagerly await the findings & decisions on all these important works.

Yours sincerely,
